RAINS BENEFIT TEXAS CROPS

STORM BROKE TEXAS SENATE MONDAY

TWENTY DEAD IN SUNDAY TRAFFIC ACCIDENTS

SENATORS HOLBROOK AND WIRTZ ENGAGED IN WAR OF WORDS

PUBLIC UTILITY BILL KILLED RECENTLY BRINGS VERBAL DARTS MONDAY

AUSTIN, May 13. (AP)—The storm which had been gathering in the senate ever since the public utilities bill was killed in committee broke today.

The friction which has existed between Senator A. J. Wirtz of Seagraves and Senator T. J. Holbrook of Galveston on numerous occasions was emphasized as they both spoke to questions of personal privilege with the sergeant-at-arms standing between them.

As Holbrook arose to answer Wirtz' heated talk, he started reading a letter from Joseph Ryan, San Antonio city attorney, to J. R. Ransom, city attorney of Austin, telling of Wirtz' alleged connection with two public utilities companies.

Senator Edgar E. Witt of Waco told his colleagues he thought Holbrook was exceeding the bounds of senatorial courtesy. Senator Walter Woodul of Houston advised the Galveston senator to take the letter to Wirtz' senatorial district, not the senate chamber.

Letter Barred at First.

There was a chorus of "noes" as Wirtz urged: "Let him read it." Senator Eugene Miller of Weatherford, presiding, asked Holbrook to bring the letter to the chair. He held that since it was a personal letter neither to or from the Galveston senator, it could not be read. His decision met with applause. Later Wirtz got the unanimous vote.

FINAL GRADUATION EXERCISES WILL BE HELD FRIDAY, MAY 24

HIGH SCHOOL SENIORS STARTED TAKING FINAL EXAMINATIONS MONDAY

The senior's final examinations started at the Corsicana high school Monday morning. Principal H. H. Norwood announced that the baccalaureate sermon will be delivered Sunday night, May 19, in the high school auditorium by Rev. F. P. Culver, pastor of the First Methodist church of this city. The final commencement exercises will be held Friday night, May 24, with Bishop Clinton S. Quinn, of Houston, delivering the principal address.

Claude Albritton is the valedictorian, with a four year average of 94.90, and Manuel Gottlieb is the salutatorian with an average of 93.93. Mr. Norwood announced. Vivian Bottoms and Bettie Lloyd Suttle had the highest grades among the girls.

A fine arts program will be presented by the graduates of the fine arts department of the school on Monday night, May 20. The alumni association will entertain the graduates and also initiate them into the association Thursday night, May 23.

There are ninety-six candidates for graduation this year. The seniors will receive their cards Saturday morning at 9 o'clock, it was announced. The regular examinations will begin Friday afternoon at one o'clock. The schedule for senior examination follows: Monday morning; second period classes, Monday afternoon; third period classes, Tuesday morning; fourth period classes, Tuesday afternoon; fifth period classes, Wednesday morning; sixth period classes, Wednesday afternoon; seventh period classes, Thursday morning.

Texas Woman Champ Not to Defend Title

DALLAS, May 13.—(P)—Officials of the annual State Women's Golf association tournament, which opens here tomorrow over the Lakewood Country club course, have been advised that Mrs. Jack Lapham of San Antonio, present titleholder, will not defend her crown. This was not bad news for the ninety-five other contestants who have gathered from over the state.

Joins Flying Service

Major E. H. Brainard, chief of Aviation of the U. S. Marine Corps since 1925, has resigned from the Marine Corps to take up his duties in New York as the vice-president of the Curtiss Flying Service, in charge of all operations and schools.

TEXAS WOMAN ON TRIAL FOR MURDER IN CALIFORNIA

MAIL ORDER BRIDE ALLEGED TO HAVE GIVEN HUSBAND POISON

SONORA, Cal., May 13.—(P)—Scientific evidence that Carolyn Rablen, Tuolumne county lumberman was killed by poison in a cup of coffee which the state contends was handed to him by his mail order bride from Texas, Mrs. Eva Brandon Rablen, confronted the woman's defense today. Mrs. Rablen is charged with murder.

The evidence was contained in a report made by E. O. Heinrich, Berkeley criminologist, to District Attorney C. H. Grayson of Tuolumne county. Heinrich declared he had found poison in the cup which Rablen was said to have received from his wife at a dance on the night of April 26.

The criminologist also reported that the automobile in which Rablen had been riding revealed poison crystals. His report on the analysis of coffee stains of Mrs. Rablen's dress was not made public. Grayson declared he had withheld this because of its importance to the defense.

Another link in the prosecution's evidence was forged in Heinrich's report that Mrs. Rablen's handwriting resembled that of a signature on the poison register of a drug store in which the lethal drug was said to have been purchased. The purchaser of the poison was her name as Mrs. Joe Williams.

The defense has maintained Rablen committed suicide. Rablen formerly lived at Quana, Texas.

CRUDE PRODUCTION RESTRICTIONS MAY BE REMOVED SOON

OKLAHOMA CITY, May 13.—(P)—An order with the effect of removing all restrictions on the production of crude oil in Oklahoma was prepared today by the state corporation commission after a brief hearing on the application of Ray M. Collins, production umpire for the state.

The order, expected to be signed today, increases maximum permitted production of the state from 650,000 barrels per day to 725,000 barrels. The potential daily production of the state was estimated by Collins to be only 715,000 barrels.

EIGHT DAYS LEFT FOR LEGISLATURE TO COMPLETE WORK

SOLONS DIVIDED ON PENITENTIARY SYSTEM; EDUCATION BILLS DELAYED

BY R. W. BARRY
(Associated Press Staff Writer.)
AUSTIN, May 13. (AP)

—If the legislature can wind up prison concentration, effect organization of a state board of education in compliance with the constitutional amendment voted last November and pass gasoline tax and automobile registration fee bills in the eight remaining days of the special session it may rightfully ask for a place in the sun.

It is believed a real genuine effort will be made to dispose of penitentiary concentration, hanging fire ever since Governor Moody became chief executive.

House-Senate Differ.

The house has gone on record almost unanimously that the system should be centralized on lands now owned by the state. The senate, if it follows the desire of Governor Moody as expressed in the Holbrook bill, will favor retaining the Darrington and Ramsey farms and permitting a board to sell the other holdings, and, if necessary, buy outside properties as a site for the central prison. There is a movement on foot now to compromise differences by providing that should the prison board find it would not be to the best interests of the tax-payers to centralize on present owned property it should pick a location and submit all plans to the legislature for ratification.

The house has always stood for placing "plenary power" in the legislature. It was this contention, backed up by former Speaker Lee

(Continued on page 5.)

REBECCA ROGERS AGAIN ON TRIAL FOR BANK ROBBERY

ATTORNEYS FOR BOTH SIDES ANNOUNCED READY; SELECTION JURY STARTS

LA GRANGE, May 13.—(P)—Rebecca Bradley Rogers went to trial here today for the robbery of the Farmers National Bank at Buda, Texas, without her attorneys having made any attempt to delay the proceedings.

The first two hours of interrogation of veniremen failed to yield a juror. State questions as to the infliction of death penalty for robbery with firearms, the offense Mrs. Rogers is alleged to have committed, brought strenuous objections from her husband, Otis Rogers, one of the defense lawyers. Rogers' examination of the veniremen indicated that the robbery will be admitted but the temporary insanity will be claimed.

Mrs. Rogers was attired in a plain, light green dress. She sat next to her mother and behind her husband.

Case Was Reversed.
LA GRANGE, May 13.—(P)—Indications this morning were the defense and the prosecution would answer ready when Rebecca Bradley Rogers is called to stand trial for the robbery of the Farmers National Bank at Buda. A previous trial resulted in a conviction but the case was reversed by the appeal court.

Attorneys for Mrs. Rogers said yesterday in Austin that they did not think a delay or change of venue would be asked. District Attorney Fred Blundell is understood to be ready to go ahead with the case at once.

Bronte Newspaper Plant Destroyed

SAN ANGELO, May 13.—(P)—A loss amounting to approximately \$17,000 resulted at Bronte last night when a building housing the Bronte Enterprise and an automobile storage garage burned.

D. M. West, publisher of the Enterprise, placed his loss in printing equipment and household goods at \$12,000, partially insured. Fifteen automobiles belonging to the Home Motor Company of Bronte and J. R. Fomby of San Angelo, were burned.

TENNIS STAR PRESENTED AT COURT

Above is a radio picture of Helen Wills, tennis queen, as she appeared at her presentation at the British Court, in the beautiful gown made especially for her by one of the best designers in Paris. Helen, herself an international figure and therefore as honored guest at court, made a striking appearance, being received by the dignified Queen Mary, to whom she was presented by Ray Atherton, Charge D'Affaires of the American Embassy. King George was forced to be absent on account of illness.

BRITISH POLITICS CHANGE AND SOCIAL IMPRESS UPON HOUSE COMMONS DISAPPEARS

Lightweight Left in Control As Dempsey Goes

NEW YORK, May 13.—(P)—The Daily News today printed an account of an altercation between Jack Dempsey, former heavyweight champion, and Joe Benjamin, a former lightweight, at a party in a hotel.

As the story goes there were words over girls at the party, and Jack gave Joe a short crushing right. Joe went down and got up again. Dempsey left. Benjamin yelled after him to return and fight. He didn't.

SEARCH CONTINUES FOR FOUR MEN WHO ESCAPED FROM JAIL

ELDORADO, Ark., May 13.—(P)—Search was continued today for four men, three of them alleged members of the Pendleton gang, who locked the jailer and a trusty in cells and staged the second break from Union county's new "break proof" jail yesterday.

The four, Claude Burnett, Joe Streiter, Owen Edwards and Carl Bray, were believed hiding near the Ouachita river.

TEXAS ACCIDENTS CLAIM FIVE LIVES SEVERAL INJURED

MAN SERIOUSLY HURT NEAR TYLER WHEN TORNADO SINGLES OUT AUTO

DALLAS, May 13.—(AP)—Five people were killed and a number injured in week-end automobile accidents in Texas. J. Bolton, 40, was killed near Midland when his car turned over. Three others in the car received minor injuries. Tommie Henderson of Austin died an hour after a head-on collision near Buda in which eight others were injured. Mrs. Frank Besenberg of San Antonio was the victim of the third crash, which occurred near Gonzales. Mrs. Richard Alderson, 22, who lived in Galveston, was killed when the car in which she was riding hit a telephone post. T. W. Dodd, 29, Dallas, was killed when an automobile, its driver blinded by rain, struck them.

The strangest accident of the week-end occurred at Tyler where a miniature tornado swept an automobile from the road. William Powell of Tyler was seriously injured, but two companions were unhurt. The automobile was one of several on the road, but was the only one struck by the freak wind. Horace Beard, 11, of Tyler was in a hospital suffering from lacerations received when the car in which he was riding was wrecked.

Sixteen Killed in Ohio Traffic Wrecks

CLEVELAND, May 13.—(P)—Sixteen persons were killed and 31 were injured in 12 serious Ohio traffic accidents over the week-end.

WHITE MAN BEING SOUGHT IN ATTACK ON WOMAN SUNDAY

HOUSTON, May 13.—(P)—A white man who early Sunday attacked the mother of four children and left her gagged and bound to a tree about eight miles from Houston on the Humble road was sought by officers here today.

ARIZONA'S WORST FOREST FIRE WAS CONTROLLED TODAY

NOGALES, Ariz., May 13.—(P)—After burning over more than 1,500 acres the greatest forest fire in the history of this section of Arizona today was believed to have been brought under control by 100 weary men who had fought the blaze for six days.

Cowboys rode before the fire driving herds of terrified cattle down sun-baked slopes ahead of flames which licked at scrub oak on a ten mile front.

Buildings and equipment of mining properties were consumed, while miners fled to Henshaw, a village near here. The blaze was stopped a few miles from the town.

The conflagration started when a miner stumbled and dropped his carbide lamp in dry grass.

Freed of Liquor Charge

Rep. M. A. Michaelson, of Illinois, who was charged with bringing liquor into the States when he returned from a vacation in Cuba, has been found not guilty of the charge, violation of the National prohibition laws.

WEEK-END CRASHES TAKE FIVE LIVES TWO ARE INJURED

FORT CROCKETT PLANE STALLED TO PREVENT COLLISION AT LITTLE ROCK

(By The Associated Press.)
Five persons were killed and two others were injured in Sunday airplane crashes. One of four airplanes involved in the accidents was an army pursuit ship and two others were borrowed planes.

Staff Sergeant Homer O. Johnson was killed, and Lieut. C. K. Roath, was injured seriously when the army plane crashed shortly after taking off at Little Rock, Ark. The ship was one of thirty-six army planes that had stopped at Little Rock on the way from Galveston, Texas, to Dayton, Ohio, for air maneuvers.

Raymond Kettenofen, 23, radio repair man and amateur pilot, and his brother Gordon, 36, a bank teller, both of Los Angeles, lost their lives in a crash of a borrowed plane in a windstorm near Compton, a Los Angeles suburb.

An apparent attempt to stunt at a low altitude in a borrowed plane resulted in the death of Kenneth Graham, 25, a licensed pilot, and serious injury to Richard Dobbs, twenty-three, a student pilot, at Eureka, Kansas. Witnesses said the plane went into a spin at 400 feet and crashed.

Christopher Evans, chief instructor of the Granby, Quebec, airplane club was killed trying out a Moth plane at the club's field, a wing having torn and the plane crashed 1500 feet.

THEATRE OPERATORS ARRESTED AS RESULT OF SUNDAY SHOWING

For the third Sunday in succession eight employees of the Palace Theatre were arrested and placed under \$100 bond for appearance in Justice W. W. Clopton's court for trial on charges of operating a place of amusement on Sunday.

The arrests were made by W. P. Pierce, deputy constable, on warrants issued out of Clopton's court shortly after the theatre opened its doors Sunday afternoon.

RAIN IS MINGLED WITH HAIL-WINDS OVER WIDE AREAS

SOME SECTIONS BENEFITED; MUCH CROP DAMAGE IS ALSO REPORTED

DALLAS, May 13.—(AP)—Soaking rains, punctuated here and there by hail and high winds, benefited Texas crops immeasurably today. The downfall lasted all of Saturday and Sunday and was general over the central, north, east, plains and Panhandle sections. From one quarter to five inches fell in the Panhandle and south plains areas. Damaging hail was reported from a number of places, the most costly occurring in Kansas where crop losses were said to run between ten and sixty percent.

Paducah reported five inches of rain Sunday, four inches of which fell in two hours. Cold winds were reported in the Berger section where wheat was benefitted by the rains. Unconfirmed reports said that two houses were blown down on a farm near Tyler. A farm home south of Tyler burned to the ground after being struck by lightning, but no one was injured.

Additional Damage Threatened by Floods

KANSAS CITY, May 13.—(P)—More damage was threatened today as floods in sections of Kansas, Missouri and Oklahoma swirled to new heights and light rains continued to fall.

Three lives were lost and great property damage was the toll exacted over the week-end. Most of the damage followed sudden downpours in Central Kansas, where the waters engulged parts of Council Grove, Harrison, Gypsum, Lindsay, and other towns.

FORMER RESIDENT OF CORSICANA DIES IN NEW MEXICO HOME

D. G. GRANTHAM BURIED MONDAY IN CARLSBAD, N. M., CEMETERY

Word was received in Corsicana Sunday, of the death at his home in Carlsbad, New Mexico, Sunday morning of D. G. Grantham, former resident of Corsicana county and member of the Navarero county bar and prominent citizen more than 25 years ago.

Death followed an illness of several months, but only since last Wednesday had this illness been considered serious. Burial took place in the Carlsbad cemetery Monday morning. He was 78 years of age. Grantham, who died within eighteen months of each other, both passing away just as they were entering manhood.

D. G. Grantham, known as "Gabe" among his old-time friends, was the eldest son of Richard and Mary Grantham, pioneer citizens of Navarero county. Mr. Grantham was born in Johnson county but was reared in Navarero county, growing to young manhood and receiving his early education in this county. He studied law, and was admitted to the Navarero county bar and practiced his profession here with honor to himself and to the profession which he chose as his life work. He was elected city attorney of Corsicana and justice of the peace of precinct No. 1 of Corsicana county, both of which offices he filled with honor and distinction. He studied law in the office of one of the noted old-time law firms of this section of the state, Lee, Call and Greer and practiced with them.

He was a prominent member of the First Methodist church of Corsicana and was a teacher in the Sunday school and usher in the church for fifteen years without missing a Sunday at his post of duty. He was active in church and civic circles of Corsicana and was known as a man of the strictest honor and integrity, his word being considered just as good as his bond.

Some twenty-five years ago Mr. Grantham removed with his family to Carlsbad, New Mexico, and he have not been seen for trial.

(Continued on page 7)

McGraw's Giants IN NEED OF WINS TO STAY IN RACE

DETROIT TIGERS HUMBLING CHAMPS FOR SUNDAY DAY SUNDAY

BY WILLIAM J. CHIPMAN
(Associated Press Sports Writer.)

With the first western invasion of the Polo Grounds drifting into its final phase, the Giants remain in need of victories as the Cards and the Cubs make the race out in front together. While the clan of McGraw can exhibit but 3 victories against five defeats and one tie for the western state, the Red Birds have won seven out of nine and the Cubs six out of nine with one tied on their eastern trip.

The Giants ended the more difficult part of their stand against the Cubs yesterday before a capacity crowd of 50,000. The game was broken up at the end of the seventh by a sudden rainstorm.

Cards Win Again.
The Cardinals, of course, defeated Brooklyn. The score this time was 13 to 7, giving the Red Birds a sweep of the series in Brooklyn and running the Robin losing streak to six. The Reds had little more difficulty in subduing the Braves at Boston by 9 to 5, behind the fine left-handing of Eppa Rixey.

The Phils and the Pirates got the day off because no Sunday ball is played in either city.

Yank Lead Tied.
The American league race was plunged into deadlock as the Tigers won their second straight from the Yankees while the Athletics met rain in Cleveland. The Bengals were unduly familiar with the offerings of Walter Hoyt all along, and they helped to sum things up by fumbling a double-play in the second. The final balancing showed the Tigers in the lead by 9 to 7. It was Hoyt's first defeat.

The Browns are taking it out on the poor Red Sox, after being man-handled by the Athletics and the Yankees. The score yesterday was fifteen to three in a game broken up in the seventh by rain.

The White Sox rallied sharply in the ninth to out-victory over the Senators for old Red Faber by 3 to 2.

CINCINNATI, May 13. (P)—It all has to be done over again.

This is the way Horace Ford and Hughy Cline have the second and superior edition of their double play act.

While scorning the circuit with their double play business in 1928, during which a lot of records were tied, they and Horace did about as much work off the field as they did on it.

The extra work came in showing, by word and by action, how a couple of young fellows can do remarkable things in fielding a baseball without straining themselves.

Now with the Hughes and Horace act turning out flashier results than last year, it looks like another festive year for their public, which is not exactly discouraged by the reporters and cameramen.

Such is fame.

In the old records it is printed that Cincinnati established a new major league record for double plays in one season in 1928.

And the dope is that Hughes and Horace made the new mark possible and also helped themselves to some space in the baseball guides by setting up a new record for double plays for second basemen and shortstops.

But the news of these young men this year is that they are out-doing their 1928 performance. The Reds made 18 double plays in their first 10 games, or an average of one and one-half for each game.

Cincy's average for 1928 on the basis of their 194 twin killings was about one and one-quarter per game.

Cris started 53 of the double plays for a new major league record for second basemen and Ford went out sharp-shooting associate a few better by starting 62 for a new record for shortstops.

Between the two of them, they started 115 of the Reds' 194 double plays and figures in one way or another in most of the remainder.

Hughy and Horace reached their high water mark for 1929 on April 30 when they helped Cincy to four plays in which two outs were registered. Ford and Cline, as pair, figured in three of them and Ford was on one end of the fourth.

Cotton Millers Won Over Cen-Tex Club Friday Afternoon

The Corsicana Cotton Millers blanked the Cen-Tex nine of Angus at the Cotton Mill diamond Friday afternoon, 5-0, in a five-inning game.

Joiner of Cen-Tex and Strum of the Cotton Mill secured two hits each.

Roaming the Realm of County Sports

By DELMORE OLSEN.

Numerous amateur baseball games were played in Navarro county over the week-end. The Magnolia Oilers left their native haunts and went to Mexia for a game Sunday afternoon. The White's Chapel nine played the Bazette club in Bazette Saturday afternoon. Besides these games numerous engagements were held all over the county.

Tuesday afternoon, the Humble Refiners met the Cotton Mill nine on the Millers' diamond. This should be an interesting game, with the Millers, of course, having a decided advantage over the Refiners on account of their longer practice and playing season.

Wednesday afternoon, the Magnolia Refiners are to meet the Cen-Tex Refining team of Angus on the Miller diamond. These two teams met earlier in the season with the Magnolia team getting the decision. However, the game Wednesday afternoon should be better than the first as the Cen-Tex Refiners have added strength to their team in the last few days.

The doubles tennis tourney sponsored by the Y. M. C. A. was started Friday afternoon with The State Home doubles team winning over Scott Bagby and M. S. Cook in the first elimination match. Donald Varnell and Bruce Watson had little trouble in downing the I. O. O. F. netters in the second elimination match Saturday afternoon. S. H. Vaughter and Earle Alverson defeated Professor O. B. Allen and Manuel Gotlieb two out of three sets, 2-6, 6-4, 7-5. Only one first round match remains to be played, Walter Lewis paired with Hilary Bagby play L. L. Levy and Bernard Kaplan, this match was supposed to open the elimination round but it has been impossible for all contestants to be ready to go in time to play the match. It will be played the first of this week.

Gentlemen of the jury, we stand corrected. In our report of the final in singles, we stated that Bagby was a good player of placement shots and slices. Well, we were informed that we were all wet, that Bagby was a driver and resorted to placement shots only on easy chances. So that as it may, the fact remains that Bagby won the singles.

Bazette defeated the White's Chapel team 4-0 Saturday afternoon. We are informed that must have been some game, with hits few and far between if the hard-hitting Bazette crew was held to four runs. The White's Chapel nine must have been going like a house afire to turn the trick. Don't misunderstand us, we were just wondering what happened to the White's Chapel crew, and we are not trying to minimize the fact that Bazette won the game. The outcome was a surprise to us, not in who won but how much.

Looks like we are due to have some great amateur baseball games during the summer months, the Magnolia Refiners, the Cotton Millers, Bazette, White's Chapel, Richland Public, Embour and Zion's Rest baseball teams are getting ready for a great summer and should have some torrid games during the playing season.

The game between the Magnolia Refiners and Mexia Independents was called off Sunday afternoon after the teams had had their fielding practice and ready to go, a torrential rain made it impossible to continue.

Next Sunday afternoon the Mexia team comes to Corsicana and will play the Magnolia Refiners at the Municipal Park. It was announced Monday morning by George Ralston, manager of the Refiners. A temporary grandstand will be constructed and the gap in the fence repaired for the game.

CATS CRAWL INTO FIRST DIVISION IN SUNDAY VICTORY

SHREVEPORT SECOND SACK- ER CHALKED UP FIRST ERROR IN 177 CHANCES

BY GAYLE TALBOT, JR.
(Associated Press Sports Writer.)

The Waco Cubs have proved their ability under fire. They invaded the far north country today with the stimulus of two straight victories over Houston and a two-game lead over the same Buffs.

There were predictions aplenty Saturday that Dell Pratt's youngsters had come to the end of their rope and that the dawn of Monday would see them a notch or two down the pennant ladder. Instead, the fighting Cubs took two falls out of the Elisons and regained part of the handsome lead which they had seen slip from them in the preceding week.

A pair of youthful southpaws proved the Cubs' salvation in their important week-end series with Houston. After Stein had tamed the Herd on Saturday, Dumovich took the hill yesterday and repeated the dose, 6 to 4. He limited the Buffs to seven blows, while the clouting Cubs were mounting Watt and Schuman, Dallas cast-off, for seventeen.

Shreveport maintained a firm grip on third place in the standing by coming back to sweep a double bill with Dallas Sunday, 8 to 2 and 5 to 2, after Dallas had taken the series opener on Saturday. The first game was a slugfest, with three hurlers performing for Dallas and two for the Sports, but Tuero turned in a fine game for Phelan's forces in the nightcap.

White's Chapel Wins Over Odd Fellows

Friday afternoon, the White's Chapel nine pounded out a 8-3 win over the I. O. O. F. team on the Odd Fellow diamond. Long distance hitting by both teams was the feature of the contest.

Saturday afternoon, the White's Chapel nine plays the Bazette Independents at Bazette.

Fort Worth crowded up into the first division for the first time in many moons by winning the first tilt of yesterday's bargain bill with Wichita Falls, 8 to 6. The second game was called on account of darkness after seven innings had resulted in a 4 to 4 tie.

San Antonio divided a double bill with Beaumont, losing the first, 7 to 5, and coping the second, 8 to 4. The split gave them two out of three with the Exporters.

A pair of youthful southpaws proved the Cubs' salvation in their important week-end series with Houston. After Stein had tamed the Herd on Saturday, Dumovich took the hill yesterday and repeated the dose, 6 to 4. He limited the Buffs to seven blows, while the clouting Cubs were mounting Watt and Schuman, Dallas cast-off, for seventeen.

MISSIONARY BODY HOLDING MEETING IN BRECKENRIDGE

BOARD MEETINGS PRECEDE OPENING REGULAR SESSION MONDAY NIGHT

BRECKENRIDGE, May 13.—(P)—Two hundred and fifty delegates were here today for the forty-fourth Texas Christian Missionary convention which is to extend through Thursday.

Conferences and board committee meetings were scheduled for the morning and afternoon with the convention to open at 7:30 P. M.

Ten of the twelve states evangelists of the Christian church attended a conference before noon, presided over by J. B. Holmes, Ft. Worth, state superintendent.

A report submitted to a committee showed 436 Christian churches in Texas with a membership of 77,173. The report also showed that there were no Christian churches in forty-seven counties, and that seven more state evangelists were needed.

At a board meeting of the Women's Missionary society, a preliminary report showed thirty new organizations during the year beginning last June 30, 450 new members and offerings of \$56,300.

Evangelists Conference Held.—BRECKENRIDGE, May 13.—(P)—Meeting of the state boards of the Women's Missionary society and the conference on evangelism here preceded the formal opening of the forty-fourth annual Texas Christian Missionary convention tonight. Plans for the coming year were discussed at the board meetings.

Clifford S. Weaver was to preside at the night session with Rev. L. G. Smith as pastor host. Mrs. E. B. McMillers, secretary, and Mrs. C. D. Hall, both of Fort Worth, directed the Women's morning meeting, and J. B. Holmes, Fort Worth, presided at the evangelist board meeting.

CORSICANA OIL OPERATORS GET GOOD PRODUCER

BUTLER-CALHOUN WELL IN BRENNHAM FIELD FINDS PAY AT SHALLOW DEPTH

Completion of the Butler-Calhoun No. 1 in the shallow field southwest of Brenham, extended the field a short distance northeast according to information received by Joe E. Butler early Monday.

The well was drilled to a maximum depth of 225 feet and was estimated at a 250 barrel producer. The test was brought in Friday and the production showed a slight increase Sunday. One of the unique features of the well is that its shallowness enables the producer to secure returns on his investment immediately.

Derrick on the test has been skidded over to a new location and it is thought that the second test will be ready to set pipe by the first of next week. Several tests will be drilled on the lease. The oil is about 20 gravity with a market price of about seventy cents.

The Butler-Calhoun company, composed of Joe E. Butler and John C. Calhoun, have been operating a four inch pipe line ten miles long in this field for more than a year. The oil finds a ready market for fuel purposes.

MOTHER'S DAY WAS OBSERVED AT FIRST CHRISTIAN CHURCH

Mother's Day was a great day at the First Christian church. Sunday services showed an increase of forty over Sunday, a year ago, in the Bible school. The church services were attended by overflowing crowds at each service.

The pastor paid a wonderful tribute to the mothers. He said, "the mothers molded the future generations and their influence was shown in the child each day of its life." This sermon was well accepted by the hearers and at the conclusion, two came forward by confession.

The evening service was well attended and following the sermon, there were two baptisms. The choir rendered special music at both services which was well enjoyed.—Reporter.

DES MOINES UNIVERSITY WILL STAY CLOSED UNTIL STUDENTS CHANGE SAYS MEMBER BOARD

DES MOINES, Iowa, May 13.—(P)—Des Moines university, ordered closed "until further orders" by the board of trustees following student riots Saturday night, was reopened today by issuance of an injunction restraining invocation of the order of the board.

Dr. Harry C. Wayman, president of the university, was notified of issuance of the injunction by telephone and without waiting for formal serving of the district court's order summoned the students to return to their classes immediately.

Earlier in the day, Dr. Wayman, who with the remainder of the faculty had been released by a trustee, said he would carry out the letter of the order of the trustees in the university until further notice from the trustee board.

Application for the injunction was made by six students of the university and asked that its president of the school be restrained from closing the university during the remainder of the current semester and from taking any action which might interfere with the regular operation of the university. The petition further restrained the defendants from limiting the granting of instruction limiting the granting of credits.

DES MOINES, Ia., May 13.—(P)—Approximately 200 students of Des Moines university today gathered for classes at the usual time, following the riots of Saturday, but dispersed after Dr. H. C. Wayman, president, announced he intended carrying out "to the letter" an order of the board of trustees suspending all classes and lectures until further notice from the trustee board.

DES MOINES, Ia., May 13.—(P)—Des Moines university, its walls splashed yellow by eggs hurled during a student outbreak Saturday night, will remain closed, one trustee said today, "until the students experience a change of mind from their rotten egg and broken glass state."

Dr. T. T. Shields, 61-year-old president of the board of trustees, left town under police protection following the riot. He had been hustled aboard an eastbound train as students swarmed about the railroad station seeking him. Only a few hours before, the board in charge of the Baptist institution's affairs had been listening to and found to be without foundation charges of alleged indiscretions on the part of Dr. Shields and Miss Edith Rehman, secretary of the board.

Storm Minister's Home.—With Dr. Shields back in his home town of Toronto, Ont., late last night, another demonstration of student feeling occurred. Nearly 100 of them stormed the residence of the Rev. Carl Ganschow, Lutheran minister who had given shelter to three students of the university from Toronto. The students, Morris and Frank Rose, brothers, and John F. Dempster, were surprised in front of the Ganschow home.

This demonstration revealed another cause of student unrest which previously had been variously attributed to conflict between fundamentalists and modernists, and to the rumors, found groundless by the board, concerning Dr. Shields and Miss Rehman. The Sunday night attack was seen by Dean Arthur E. Bennett of the College of Education as the aftermath of discord that followed a Washington Birthday celebration in 1928.

Patriotic Troubles.—At that time, Dean Bennett said, "A gentleman from England" was brought to the university to speak. Exception was taken by the Englishman, Dean Bennett said, to patriotic songs sung at the dinner, the Englishman regarding them as a reflection upon the British. The dean went on to say that some of the Canadian students had failed to stand at chapel last Friday during the singing of the Star Spangled Banner.

HEAVY RAINS OVER LARGE PART TEXAS HINDERING TRAFFIC

Road reports coming by telephone to the chamber of commerce Monday morning showed heavy rains over a great portion of the state and traffic over all highways except hard-surfaced ones was generally inadvisable.

Some traffic was moving northward by Emhouse and Ennis to Fort Worth and by Waxahachie to Dallas but the Navarro county stretches were extremely slippery. Heavy rains fell along the roads southward around Curry and Eichland and travel was difficult, according to reports. Athens also reported heavy rains on the routes east and advised postponement of trips.

Denison reported heavy rains and swollen creeks on highways going northward into Oklahoma. Muskogee reported downpours and the main highway from Durant to Vinita was said to be out of the question because of high water.

Maintenance crews had placed the main highways in good shape prior to the rains of Sunday night and Monday and it is believed that road conditions will improve rapidly with clear weather.

Robert Bates, local volunteer weather observer, said during the morning the outlook was for continued unsettled weather during the day and possibly into the night.

Important Matters Come Before Board Directors Tuesday

Directors of the chamber of commerce in their regular bi-weekly conference Tuesday morning at 11 o'clock, are scheduled to consider another college relocation proposition and other important community matters.

Some of the other matters listed for consideration are sponsoring a short course in merchandising, highway developments, progress on plans for a giant barbecue celebrating the designation of the Corsicana-Palestine highway and the publishing of a monthly membership news letter.

These directors' meetings are open to members of the chamber interested in any of the subjects listed for consideration.

BELIEVED CHURCH AND STATE ROW TO BE HEALED SOON

MEXICO CITY, May 13.—(P)—Feeling is growing in Mexico that a healing of the estrangement between the Roman Catholic church and the Mexican government will develop from negotiations which the two seem on the verge of beginning.

There has been a noticeable reaction favorable to rapprochement since the statement of Archbishop Ruiz of Michoacan at Washington recently and its answer from President Emilio Portes Gil that overtures for cooperation in bettering the Mexican people would not be unwelcome.

Announcement has been made here that Bishop Antonio Guizar Valencia, of the Chihuahua diocese, has arrived in Rome to confer with the Vatican regarding a settlement. The bishop was in Washington at the time Archbishop

GOVERNOR LONG READY FOR COURT SESSION TUESDAY

LOUISIANA GOVERNOR EX- PECTED TO CHALLENGE VALIDITY OF CHARGES

BATON ROUGE, La., May 13.—(AP)—Governor Huey P. Long was back in Baton Rouge today from a state stumping tour to await the convening of the senate court of impeachment tomorrow.

Gov. Long returned from Alexandria where he made his last speech Saturday in an effort to place his "side of the case" before the people.

The Governor is expected to challenge the validity of seven of the house charges passed after April 6, last day of a special session of the legislature, to vote on special occupational oil tax bills. Only the charge of attempting to intimidate the press was voted prior to midnight April 6.

Standard Answers.
BATON ROUGE, La., May 13.—(AP)—The Standard Oil Company of Louisiana, which had been attacked in speeches made in all parts of the state by Gov. Huey P. Long, today in a statement issued through D. R. Weller, president, answered the charges.

The statement is the first issued by the Standard Oil Company. It was made, it was explained since "since might be misconstrued," but "at no time and under no condition has the company taken part in any campaign movement, or even discussion of a political nature."

House to Decide On Auto Fee Slash

AUSTIN, May 13.—(AP)—Whether the house will adopt a 20 percent reduction in automobile registrations as proposed in a bill by Rep. Leonard Tillotson, Seely, or insist on a more drastic cut, will be determined tomorrow when the Tillotson measure is consideration of the floor. The bill was set today as special order of business.

Tillotson last week predicted victory for his plan, which includes a compromise measure calling for a four cent gas tax. He said that more than 70 members of the house had affixed their signatures as co-signers of the bill.

In voting out Tillotson's measure, the house rejected a 35 percent slash in registration fees by Representative T. N. Mauritz, Ganado, and a 50 percent reduction as proposed in a bill by Representative Keller, Lancaster, and Jack Keller, Dallas.

Reparations Groups Await Return Schacht From Essen Meeting

PARIS, May 13.—(AP)—The experts' conference on reparations entered its fourteenth week today with the creditor nation delegates marking time, awaiting return of Dr. Hjalmar Schacht, German spokesman, from Essen.

The feeling was, that upon the measure of compromise which he exhibited upon his return the conference itself depended, and that whatever the result of his conversations with Rhur valley industrialists at Essen, this week would be the last of the financiers' long labors.

EIGHT DAYS LEFT FOR LEGISLATURE TO COMPLETE WORK

(Continued from Page 1)
Satterwhite, that prevented the forty-first legislature from starting the wheels of reorganization in motion.

It is believed that should legislation fail, this session, Governor Moody will take the matter to the people, with at least three strong speeches on the subject. It is well known some of his friends are urging him to do this, believing that when the people get the facts of the prison situation from his lips, sentiment will force the legislature to carry out his wishes in enacting corrective measures.

Educational Bills.
It looks as if there may be a slip in getting the educational bills over. The senate has engrossed its bill providing for a board of education of nine members, the superintendent of public instruction to be appointive. The house bill, sent from the committee, provides for the superintendent to be elected as at present. The house membership seems to be pretty well settled on this point. The animosity of friends of Supt. S. M. N. Marrs was aroused by action of the senate in providing that to be eligible to hold the superintendency one must have a master of arts degree. Superintendent Marrs does not have one, and his friends stated that this was intended as a dart at him.

Some believe the remaining time of the session is too short to get the gasoline tax and registration fee bills through. There are some who want a fifty per cent reduction in registration fees and others who are contending a 20 per cent cut is sufficient. Some want a three cent gasoline tax, others believe a four cent levy is imperative, and still another faction will say the present two cent tax is

RAIN IS MINGLED WITH HAIL-WINDS OVER WIDE AREAS

(Continued from Page 1)
Herrington, John L. McGeehe, commissioner of Noble county, Okla., was drowned near Red rock. Flood waters from Kansas today bore down on Northeast Oklahoma.

Rain Causes Wreck And Injury to Three

GAINESVILLE, May 13.—(AP)—Southbound Santa Fe passenger train No. 5 was derailed near Gainesville, and three persons were injured in an automobile accident as a result of 4.2 inches of rain here yesterday and today.

The train arrived in Gainesville three hours late after a baggage car had been derailed on a soft track near the Red river crossing. Miss Lucille Wear of Gainesville, Catherine May of Iowa Park and Joe Cunningham of Iowa Park were injured when their automobile crashed into another during a sliding rail.

Elm creek left its banks yesterday and covered a large portion of the city park. Pecan creek was higher than it had been in months.

Flood Waters Were Menacing Lowlands

OKLAHOMA CITY, May 13.—(AP)—Flood waters from heavy rains poured continued to menace Oklahoma lowlands today after having caused one death, damaged crops and interfered with highway and railroad traffic over the week-end.

The body of John L. McGeehe, county commissioner of Noble county, was found yesterday in the swirling waters of Squaw creek, southeast of Red Rock. He apparently had been carried away by the high water when he attempted to cross a flood swept bridge on his way home. His car was found abandoned on the road and it was believed he had left it to walk the rest of the way.

Highways in Eastern Oklahoma were inundated in many places. U.S. highway number 73 was swept by flood water from Pryor creek near Pryor and by an overflow from Blue river southwest of McAlester. Derby Creek blocked the Muskogee Port Smith highway enough. Unless there is a change in attitude it will require more time than is left to consider the two revenue raising measures and at the same time accord courtesy recognition to members who are piloting local bills through.

Convicted Slayers Face Another Trial For Coleman Murder

COLEMAN, Mo., May 13.—(AP)—Trials of Dennis Dixon and Robert Mason, charged with murder in the death of Elgie Leslie during a filling station holdup here, which originally was set for today, has been postponed until Wednesday and a special venire of 100 men summoned.

COLEMAN, May 13.—(AP)—Dennis Dixon and Robert Mason, already under penitentiary sentences for the slaying of W. L. Echols, V. A. Aistyne night watchman, were to go to trial here during the term of court opening today in connection with the shooting to death of Elgie Leslie at a filling station near here.

Leslie was killed when he resisted the attempts of two men to rob the station. Dixon and Mason were found the day following the shooting by a posse while asleep on a creek bank. They were turned over to Grayson county officers for trial in the Echols case first.

near Warner. North of Tahlequah on state highway number 10 a bridge was washed away.

At Muskogee the Arkansas river was two inches above flood stage and rising at the rate of eight inches an hour.

High Wind at Brownfield.
BROWNFIELD, May 13.—(AP)—A high wind accompanied a rain of nearly two inches in the Brownfield vicinity last night and today. No damage was reported.

Drouth is Broken.
BRECKENRIDGE, May 13.—(AP)—Heavy rains over the week-end broke a threatened drouth in the Breckenridge area.

Rain Benefits Wheat.
PLAINVIEW, May 13.—(AP)—Hale county wheat received some much-needed moisture when 1.12 inches of rain fell during the week-end.

Rain Stops Oil Field Work.
PAMPA, May 13.—(AP)—Oil field work was at a standstill because of about 3.5 inches of rain since Friday in the Pampa area.

Rain Halts Traffic.
SHERMAN, May 13.—(AP)—Water over bridges halted bus traffic out of Sherman in some directions today, but no bridges save a few small structures on lateral roads, were reported out. The rain yesterday and last night was 6.42 inches.

TARIFF SCHEDULES ON CERTAIN THINGS RECEIVE SCRUTINY

BUILDING MATERIALS AND SUGAR AMONG MATTERS ATTRACTING ATTENTION

WASHINGTON, May 13.—(AP)—Tariff schedules proposed by the house ways and means committee on building materials and sugar are receiving close scrutiny at the White House with clear indications they fall to meet with the entire approval of President Hoover.

Objection has been raised in administration quarters particularly to the duties on cement and brick which are taken from the free list so as to protect Eastern seaboard and Gulf coast manufacturers from Belgian competition.

The proposed duty on shingles also is being closely studied with some administration officials expressing apprehension today that the effect might be to turn over the whole roofing industry in this country to the patent shingle manufacturers and thus destroy the woodcut shingle industry.

Advisers of the president are undertaking to work out a substitute for the sugar schedule on the basis of sliding scale of duties with the highest rates operative only under conditions of the keenest sort of competition with the Ageries cane and beet sugar industries during the years of excessive production in foreign countries.

Cattlemen Want Tariff.
WASHINGTON, May 13.—(AP)—

BRITISH ELECTIONS, GENEVA CONFERENCE AND REPARATIONS HOLD SPOTLIGHT OF INTEREST

By SAVINGTON CRAMPTON
Cable Editor, Associated Press
The British general elections were officially set on their way last week by proclamation of King George dissolving parliament.

It had been a parliament in which the conservative party had things its own way. In the new election betting gave the conservatives a lead of 15 to 30 seats over labor, with the liberals an uncertain quantity, but almost certainly holding the balance of power.

The reparations conference at Paris might have furnished an issue for the British elections, but all parties seem agreed against decreasing Britain's percentage of German payments in relation to those of the other allies. Some such idea had got abroad during the week while Owen D. Young's plan for settlement was under discussion. Meanwhile, the end of the third month of work by the experts found the conference deadlocked pending receipt of the German conditions on acceptance of Mr. Young's new annuities scheme.

No sooner had the Chinese nationalist government begun to tread the freely in the north than trouble broke out between Canton and the Kwangsi war lords in the Representative Simmons, republican, Nebraska, announced today he had called a meeting of the house members from the western cattle producing states for tomorrow to consider making united appeal to the house ways and means committee to change the tariff status of hides, meats, and live animals.

south. Fighting in rich Shantung province is over, with the nationalists in control. But the situation looked black for the supporters at Canton.

At Geneva, the preparatory disarmament commission concluded its sixth session and left responsibility for the next step in world disarmament on the shoulders of the big naval powers. It was hoped a general international conference might be held in 1930 or 1931.

TEXAS ACCIDENTS CLAIM FIVE LIVES SEVERAL INJURED

(Continued from Page 1)
Cleveland-Detroit bus near Toledo Sunday.

E. D. Waring, 36, driver of the bus and Godfried C. Frovay, truck driver, spent last night in jail at Monroe, Mich.

The dead were Frank Cinderlich, 21, of Trenton, Mich.; H. Westerman, 40, Chicago; Mrs. Emma Mauritzus, 66, of Los Angeles; an unidentified girl about 17, believed to be from Cleveland, and an unidentified man about 42, thought to be from Detroit.

Louis Moses, 26, his wife, Ruth, 24, and their daughter, Mary, 5, were killed in a crossing accident near Canton.

Crash Victim May Recover.

CORSICANA, TEX., May 14, 1929.

THANKS FOR THE BOUQUET.

It is a legitimate pastime for the cash customers to "cuss" and discuss any newspaper. To "pan" the press comes under the head of one of America's greatest indoor sports and "a good time is had by all." To write a letter to the editor and tell him your personal opinion of the policy of his paper whether you agree or disagree is the rightful privilege of every reader. But when a certain number of bricks have been heaved there always follows a bouquet that takes the sting out of previous unkind remarks. While the editors and publishers are ducking the barrage of pop bottles they are always alert for the appearance of the bouquet among the debris and ready for a dash to deep center to snare the roses.

The latest bouquet to be received by the Daily Sun comes in the form of a letter from the Corsicana Chamber of Commerce signed by W. Roy Christian, popular and efficient manager.

The letter, which follows, is greatly appreciated by the entire staff:

"The Corsicana Daily-Sun gives such consistent and notable evidences of community co-operation that there might be a tendency sometimes to take for granted some of your achievements."

"Voicing the spirit of gratitude that is doubtless shared by our whole citizenship, directors of the Corsicana Chamber of Commerce have entered on the minutes of the organization a vote of thanks to the Sun-Light Publishing Company for the splendid special section commemorating the opening of the Corsicana Municipal Airport."

"The aviation section was not only considered an unusually creditable one but the publicity incident to its wide circulation is a further contribution to constructive community publicity."

"Along this same line of commendation the Chamber of Commerce have expressed their personal congratulations and gratitude to the Sun-Light Publishing Company for the twenty-eight page booklet on Corsicana and Navarro county which you have recently published for large distribution."

"In format and illustration, as well as material, the booklet is an outstanding example of newspaper and community publicity. The fact that it is issued primarily as exploitation literature for your publications does not in any way detract from its distinctive value as a publicity brochure of the city and county."

"You will be interested to know that the Chamber of Commerce has received numerous complimentary letters from other cities on both the aviation section and the twenty-eight page booklet."

"Don't be discouraged over the lack of oil development in Navarro county. The time will come when a drilling campaign will be launched that will far over shadow past performances. The major companies are not holding large blocks of acreage in this section just for the fun of the thing. These oil operators don't play that way."

"The rain was exactly what the farmer ordered. It fell at the right time, in the right manner and there was not too much. The damage done by the high winds and sand storms of the past few days will be greatly offset by the half inch precipitation."

In this day of Einstein theories, debenture plans and cross word puzzles why shouldn't the younger generation be a little wild."

MILITANT DEMOCRACY.

John J. Raskob, chairman of the Democratic national committee went down with his party to defeat last November and since then has been buffeted through the period of pitiless floundering and internal dissension which usually falls to the lot of a defeated political organization. But Mr. Raskob is not licked. He is back fighting for solvency in the treasury of his party and for reorganization which will bring the Democratic party to the election of 1932 undivided and augmented.

With the aid of the financial genius of Mr. Raskob, the Democratic party is wiping out its campaign deficit much more rapidly than was the Republican \$2,000,000 deficit in 1920 written off. He has taken the most forceful means of showing to the nation that his party is neither defunct politically nor financially.

Another potent stroke of the national chairman was his naming of J. P. Shouse as chairman of the Democratic national executive committee. Shouse is a man of power, of proved ability as a political organizer, a loyal Democrat and a believer in Democratic principles and policies.

These men are serving not only their party but their country, for a strong and even threatening minority party is essential to good government. Remember Teapot Dome!

STRAW HATS.

The straw hat season is here in all its glory of new styles—that is, the men's straw hat season is with us again, for the women have been wearing their new straw hats since January, and it will not be long now until they will have begun to wear their fall and winter hats.

Straw hats were first made and worn by the Romans. However, history records that it was not until many centuries later that straw hats really became popular. It was in the sixteenth century that Mary Queen of Scots, became interested in the wearing of straw hats, and it was this same Mary who popularized the straw hat. She employed a number of straw plaiters and returned with them to Scotland, where her people were trained in the art of straw hat making.

Tuscany furnishes the finest straws and plaids. In Tuscany, the delicate Leghorn is woven into its finest texture. It is in Tuscany that some of the braids are so fine that the hat-makers find it impossible to work upon them more than two or three hours at a time without injuring their eyes.

From Cuba and Porto Rico we get most of our Panama hats.

So much for the historical feature of the hat-making industry.

Every year the styles are different. Yet the old-fashioned straw sailors of a bygone year are still popular, and even if they are not so nobby, they are bound to be popular with the old-fashioned man who has not a thousand lives to live and die.

The Corsicana booklet recently issued by the Corsicana Daily Sun and the Corsicana Semi-Weekly Morning Light carrying facts and information concerning Corsicana and Navarro county is being given a wide circulation. In fact this booklet has been mailed to all parts of the United States and much favorable comment has been made. The latest request was for twelve of the books to be used in the College Class of Geography of Texas composed of Dallas school teachers.

It was quite unselfish of Mary Garden to promise to go to Amarillo, Texas, again next year to sing, seeing that Amarillo gets as much publicity as Mary, who doesn't need it.

The old-fashioned man who occasionally left a large sum for horse troughs, in his will, has just passed away in Australia and bequeathed \$400,000 for that purpose.

Never turn up your nose at people. Remember the law of gravity.

The school of experience never gives any diplomas.

MAN WANTS TO LIVE.

A London physician of the "famous specialist" type has been lecturing on "Physiological Efficiency." He says this thing goes back to the question of diet and, being practiced, man would live to be 140 or 150 years old instead of 70 or less. Specifically, "the world should partake of meager fare, fresh air and all kinds of raw food." Living properly, man would not, as soon as he reaches maturity, "sit down and impair his efficiency as quickly as possible by sending out appeals to every microbe to come and take up residence in his body." What the doctor prescribes is sacrifices and denial of needless luxuries and soft comforts.

The truth must be that it is not the struggle for life that is the bane of civilization, for merely life does not satisfy. Millions have no more than a bare existence, which is about what one would have following the rules of the London doctor. Prolongation of that makes no appeal. What man wants is to live in comfort, surrounded by conveniences that increase his ease. Needless sacrificing is not for him. Needless luxuries are something to be striven for, to be earned if possible or to be taken away from someone who has them in abundance if they are not to be had otherwise. That's the popular view. What if a few or many germs and microbes make their habitat in his internal mechanism if he feels good? Man wants to live rather than to live long.

Without any compunctions, Burton arises to depose that:

"Kansas is the wettest it has been since 1881. In the last two weeks I saw parties of young people in the hotels of Topeka, among them some of the best people in the city, reeling from drink. I saw women under 20 so drunk they had to be carried from the hotel to a taxicab. I saw drinking in Topeka hotels, at card parties and dinners. Kansas City is a paradise compared with the capital city of Topeka."

The report is absolutely incredible. Such things simply could not happen in the arid farm belt. We wait with eager interest Bro. White's explanation. It would be just too bad to have that perennial contrast between Western virtue and Eastern wickedness lose all its rhetorical force.

About the only chance to save the world now is to teach the world to save.

A good reputation, like charity, covers a multitude of sins.

Worried Night after Night as health declined

"I suffered frequently from nervous headache, and I could not sleep well," says Mrs. Cora Dover, R.F.D. 2, Hickory Grove, S.C. "I was thin and pale. I was so weak I could scarcely walk."

"I tried several remedies but nothing seemed to help me. Night after night I worried because I could not sleep. I was going down-hill. I had my children to look after and I was afraid of what would become of them if anything happened to me."

"I began to take Cardui. It wasn't long until I was beginning to pick up. My strength gradually began to return. I rested better at night and was less nervous. I took several bottles of Cardui, and when I had finished taking it I was in fine health."

WOULD STOP LABOR AGENTS TAKING MEN AWAY FROM TEXAS

AUSTIN, May 10.—(P)—Quoting figures to show the falling off of immigration of Mexican farm laborers, the South Texas chamber of commerce has started a campaign to get the Texas legislature to pass the bill by Rep. A. F. Johnson of Carrizo Springs, designed to curtail activities of labor agents who come into the state and transport laborers from its confines.

Data furnished by the American consul at Nuevo Laredo shows that in February 1928 there were 4,175 visas given by all American consuls in Mexico to Mexican immigrants, with 6,081 issued in March 1928, compared with only 2,856 in February and 1,613 in March, this year, according to S. Maston Nixon, of Corpus Christi, chairman of the farm labor committee of the chamber.

He pointed out that from July 1, 1928 to March 31, 1929, the border patrol deported approximately 8,000 aliens in the district between Brownsville and Del Rio. He said that available farm labor in this region this season is less than 50 per cent of the amount to be had last year.

"Immigration restrictions have been tightened and the vigilance on the border patrol has kept many laborers seeking work in this country from crossing the river," Nixon said.

"Our plans contemplate the conservation of such labor as we now have available by keeping it within the bounds of the state and the assurance that we can during the agricultural season secure a reasonable amount of labor to prepare and gather our crops."

The Johnson bill provides that immigrant agencies engaged in the hire of workers to be transported outside the state would be required to pay annually a license fee of \$5,000 to the state and \$2,500 to each county in which they operate. A maximum fine of \$5,000 is provided as penalty for operation without license.

SOIL CONSERVATION MEETING TO BE HELD WEDNESDAY, MAY 15

Realizing the importance of saving the soil and the necessity of a better organized effort in carrying the message to the landowners of this county, Henry Gentry, county agent, has called a meeting of landowners to be held at the Corsicana chamber of commerce assembly room on Wednesday, May 15, at 2 p. m.

At this meeting A. K. Short of the Federal Land Bank, R. C. Richardson of the Progressive Farmer, and R. M. Bentley, farm engineer of A. & M. extension service, will discuss the best methods of soil conservation.

FORMER CORSICANA MAN DIED HOUSTON FRIDAY EVENING

According to information received in Corsicana early Saturday, E. P. Roberts, former Corsicana, died in the hospital here at Houston Friday evening. Funeral services will be held in Beaumont Sunday. He lived in Corsicana for several years about 1900, and has recently made his home in Humble.

He is survived by a son and daughter, H. C. Roberts of Maracaibo, Venezuela, and Mrs. A. O. Roberts of Longview.

Mrs. Estelita Edwards, a granddaughter, left Saturday morning for Beaumont to attend the funeral.

IN MEMORIAM.
 Mrs. Mamie Casey was taken from her home January 29, 1928. Mamie was an invalid for two years. She is gone but not forgotten. She was kind to her children and her home. But God took her away for He thought it was best. She is at rest now and is sleeping peacefully with God in the Hamilton cemetery. She is survived by four sons and husband and other relatives.

Written by one who loved her.

LOCAL DRILLING CONTRACTOR HOLDS ATTENTION PETROLEUM WORLD; DRILLS PERFECT HOLE

If a man achieves the almost impossible twice nearly simultaneously, the skeptical world, and particularly the other members of his own industry, are likely to declare the results accidents; but when this same man deliberately and without any unnecessary haste achieves the same results again in the same area, even the "hardest-headed" skeptic has his doubts shaken.

The man who has been shaking some "solid" doubts in the oil industry is Fred M. Allison, Corsicana, Texas, drilling contractor, who has been doing some extensive experimenting and achieving some "solid" results in his efforts to drill almost perfectly straight holes in the Seminole pools of Oklahoma.

First Perfect Hole.
 Drilling four wells at the same tract for the Barnsdall Oil Corporation, Mr. Allison has been credited with having put down the first "perfect" holes in the state, known over the entire industry for the many difficulties presented to the drilling contractor. The greatest variation in the four tests from a perfect perpendicular has been 2.4 (two and four-tenths) in a test approximately 450 feet deep, measured with the acid method, the most accurate known in the industry today.

For many years speed was the great cry in the oil industry, as the need for increased production of kerosene burning vehicles kept the few refineries with their crude processes working overtime to supply the demands. The principal idea was to get the most of it as fast as possible, and as quickly as possible.

Few wells were known and when a new one was uncovered, it behooved every man to get as much of the "flowing gold" as possible. Every possible method of production both scrupulous and otherwise, was resorted to by rival companies. Despite the fact that geology is as old as the world and many phases of that great subject have been extravagantly investigated, particularly in the field of mineral resources, the oil industry has not yet reached the point of perfecting its methods. But until the last decade, when the leading thinkers became convinced that this was a "rocky" age, and that the oil industry was one of the direct necessities, little attention was given to the possible existence of oil pools in widely separated areas. And with the development of the science of geology, the industry has leaped into one of the nation's greatest from a place of obscurity.

But with the constant cry of over-production in the oil industry, and the constantly increasing costs of production and refining processes, the thinking leaders of the industry have begun an investigation of means of lowering the production cost, and ultimately lowering the consumer cost and increasing the profit margin.

Almost since the beginning of "crooked" production methods, legal tangles have been common occurrences, particularly those resulting from "crooked" holes, where two tests would be drilled in each other, causing the loss of both. Coupled with the legal phase was the tremendous cost of production after the well was completed. Crooked holes caused immense quantities of work and worry over the short life of pump-rod, and cups, leaks in casing and the usually shortened life of the well.

Must Protect Investments.
 When production in the Seminole field of Oklahoma reached the stage where an indefinite shut-down was in prospect unless changes occurred which were totally unexpected, operators were faced with the necessity of protecting many costly investments. Wells that had been hurriedly drilled began to sand up, and the wobbly holes prevented any possible rehabilitation.

Unusual drilling conditions and obstacles had caused almost unheard of prices being paid drilling contractors for their labors, causing investments running far into the millions to be in a precarious condition.

JAMES B. CASTLES DIED ZION'S REST FRIDAY MORNING

James Bain Castles, 73, native of South Carolina, but resident of Navarro county for thirty-five years, died at Zion's Rest Friday morning at 6 o'clock following a lingering illness and the funeral will be held Saturday afternoon at three o'clock from Eureka church with burial in the Eureka cemetery.

Prior to coming to Zion's Rest a year ago, Mr. Castles had resided in the Eureka community for some thirty years.

Mr. Castles was born July 19, 1855, in York county, South Carolina, he was married to Mattie J. Russell, March 14, 1877.

Surviving are three daughters, Mrs. E. L. Gladney, and Mrs. W. H. Robinson, both of Corsicana; and Mrs. E. L. Watson, Barry, four grandchildren, and one brother and two sisters who reside in South Carolina.

The funeral services will be conducted by Rev. C. E. McStravick, pastor of the United Presbyterian church of Corsicana, assisted by Rev. A. E. Caraway, pastor of the North Corsicana Methodist church, and Rev. Walter J. Simpson, United Presbyterian minister. The Corley-McMahon Funeral home will direct the funeral.

eney, forethought, and inexpensive revision of equipment.

According to figures received from reliable sources, crooked holes have a considerable higher initial cost than a straight hole because of the extra footage penetrated, and the extra quantity of casing needed to complete production. It is estimated that the extra cost of the well with a deflection of 2.4 was \$568.66, while the test varying 185 feet from the perpendicular cost the operator the sum of \$1,867.15.

One of the unique features of the drilling of the straight hole is that, contrary to the general opinion, very little more time is required. A speed test was started at the same time as one of the Allison tests, and was completed less than two days ahead; and one of these days was taken up by overhauls and repairs on the Corsicana's rigs. In addition, the rig will have considerably increased lives.

With the results assured by the four tests recently completed, and with the details of the working of the method to be explained in detail at the coming meeting, it is probable that the principals and equipment of the Allison plan will be given a thorough trial over a widespread area within the near future.

Blooming Grove Will Vote On Hen Having Free Sway

BLOOMING GROVE, May 10.—An election will be held here Tuesday on whether chickens shall continue to run at large on the streets of Blooming Grove. When the order for the election was first made, it caused considerable discussion among local people, but the interest has apparently slackened, although it is expected that considerable interest will be manifested on election day.

Henry Caldwell, living at Old Raleigh, declares that Raleigh is one of the oldest towns in the county and had never attempted to curtail the liberties of an old chicken hen.

HAVE FINE BOY.
 Claude Allen Still, Jr., made his arrival Tuesday, May 7, at the home of Mr. and Mrs. C. A. Still. The young fellow tipped the scales at 81.2 pounds. His grandparents, Mr. and Mrs. Frank P. McCulston of White's Chapel, and Mrs. W. A. Still of Atlanta, Ga., are rejoicing over the increase of "Stills" in Navarro county.

FINE RAINS FALL OVER COUNTY; CROPS GREATLY BENEFITED

OATS, CORN AND COTTON REVIVED BY MOISTURE FOLLOWING HIGH WINDS

The government rain gauge registered 56 of an inch early Monday morning and hard rain fell all the morning and had been made Sunday afternoon and night local showers fell over the county and in some places the rainfall was heavy, in others, however, it was light.

Hard rain fell in all sections of the county Monday morning according to reports received here. Among the towns and communities reporting were Rice, Enahouse, Barry, Blooming Grove, Frost, Fulton, Dawson, Richmond, Angus, Burke, Mildred, Powell, Kerens, Kane, Chaffield and others.

Farm work will be stopped several days.

A light rain fell in the county Thursday morning but farmers in some sections of the county said that the high winds of Friday and Saturday dried the ground out.

The rains Sunday and Monday will furnish plenty of moisture for growing crops. Oats will especially be benefited as they are rapidly maturing and need the moisture to completely develop them.

Corn that was badly whipped about and damaged by the recent high winds had started growing again after the Thursday rain and there will be plenty of moisture to keep it growing some time yet.

Cotton was not suffering for moisture but it will not be damaged to any appreciable extent. Some of the cotton that was replanted last week may have to be replanted again and the ground may be packed so hard that it can not get out. Most of the replanted cotton will come up as it had already sprouted and almost ready to break through the ground before the rain came.

Sheriff's Office.
Lonnie Johnson, negro, was arrested here during the week end and turned over to an officer Monday from Colorado City, Texas, and taken back there where he will face a charge of the theft of an automobile. The arrest here was made by Deputy Sheriff V. McMurray.

Two were arrested for drunkenness Saturday night and complaints filed in Judge S. B. Jordan's court in connection with a raid on South Seventh street by Deputy Sheriffs McMurray, Alton Bradley and J. M. Westbrook.

Luke Sitton was arrested Saturday night in Blooming Grove by Deputy Sheriffs McMurray, Westbrook and Bradley in connection with the seizure of nine and one-half pints of liquor. Complaints were filed in Judge Jordan's court and bond in the sum of \$1,000 was made pending the action of the Navarro county grand jury which will convene Wednesday morning.

Tom Barlow who resides east of Corsicana, is reported in a serious condition with four knife wounds in the back and his brother, Bob Barlow is in the Navarro county jail charged by complaint in Judge Jordan's court with assault with intent to murder as a result of an altercation late Friday night. The arrest was made by Deputy Sheriff Westbrook.

Constable's Office.
Jessie Hooks, negro, was arrested by Constable J. J. Howard Sunday on a complaint issued out of Judge W. W. Clifton's court for assault with intent to murder as a result of the cutting of her husband, Will Hooks, in an altercation several days ago. Constable Howard arrested two negroes Sunday as a result of a

FORMER RESIDENT OF CORSICANA DIES IN NEW MEXICO HOME

(Continued from Page 1)
at once took up his life in the community there where he left off in Corsicana, and was honored with numerous places of honor and trust by his fellow citizens in his adopted city and state, having been elected to the New Mexico senate six years ago and served in that body with distinction for four years, retiring because of ill health.

Judge Grantham is survived by his wife, who is a sister of Mrs. Joe Woods, tax collector of Navarro county; three daughters, Mrs. Deana Smith and Miss Irma Lynn Grantham of Carlsbad, and Mrs. A. R. Sedar, St. Paul, Minn.; one son, Everett Grantham, assistant district attorney of Clovis, New Mexico; two sisters, Mrs. L. M. Jackson of McGregor, and Mrs. E. C. Huckabee of Corsicana; six brothers, J. D. J. R., and N. J. Grantham of McGregor; H. T. Grantham of Clifton, Texas; L. M. Grantham, England, Ark., and W. B. Grantham, Teague.

Growing out of the appointment of Prince George, youngest son of King George of England, to \$1,000 a year clerical position in the foreign office, rumors are around that the King is grooming his sons for governor-generalships in the dominions and that Prince George will become the next Governor General of Canada.

Judge Clifton assessed fines against four for vagrancy during the week end.

Justice Court.
Judge Clifton assessed fines against four for vagrancy during the week end.

**STATE WILL OPEN
BIDS ON HIGHWAY
THROUGH COUNTY**
Bids will be opened by the State highway department May 24-25 for the construction of Highway No. 75 for practically all of the road through Navarro county with the exception of about two miles north and south of Corsicana, J. V. Alger, resident State engineer, announced Monday. The stretch of road through Corsicana has not been determined upon.

The State engineers favor the Federal highway engineers favor the Fourth or Fifth street locations or a route entirely outside of the city to the east.

All road work in the county was stopped by the downpour of rain Sunday afternoon and Monday morning.

May Rule Canada

Growing out of the appointment of Prince George, youngest son of King George of England, to \$1,000 a year clerical position in the foreign office, rumors are around that the King is grooming his sons for governor-generalships in the dominions and that Prince George will become the next Governor General of Canada.

**STATE WILL OPEN
BIDS ON HIGHWAY
THROUGH COUNTY**
Bids will be opened by the State highway department May 24-25 for the construction of Highway No. 75 for practically all of the road through Navarro county with the exception of about two miles north and south of Corsicana, J. V. Alger, resident State engineer, announced Monday. The stretch of road through Corsicana has not been determined upon.

TWENTY GUARANTEE CHAUTAUQUA RETURN CORSICANA IN 1930

Twenty people have signed the contract guaranteeing the return of the chautauqua to Corsicana in 1930, Walter Steinebeck, platform superintendent, announced. Mr. Steinebeck stated that \$500 worth of tickets have been pledged, and the outlook for next year's chautauqua indicates that it will be one of the best that this city has had for years.

Mr. Steinebeck remained in the city a week following the close of the chautauqua working for its return next year. He expressed his gratitude for the cooperation that the citizens of Corsicana extended him in making this year's chautauqua a success and for making its return next year possible.

**BRITISH READY TO
ESTABLISH TROOPS
IN HONGKONG CITY**
CANTON, China, May 13.—(AP)—In view of the uncertainty of the situation at Canton, a detachment of 150 British light infantry was standing by at Hongkong today in readiness to establish a garrison at the British concession of Shamen from which the last troops were removed in October.

Canton was quiet today, but the situation at Shamsul, 50 miles from Canton, was still somewhat obscured despite reports of an armistice. Heavy fighting is reported in British naval dispatches to be in progress between the Cantonese land forces and a section of the rebel fleet.

British gunboats plying in the West river reported they were heavily fired on from shore in the neighborhood of Shamsul.

Service of rare efficiency in designing and arranging draperies, interior decorations and home furnishings. Also expert service in modern methods of laying floor coverings of carpets and linoleums.

Our service is the result of many years of experience—research and observation.

WALTON'S

LUMBER

Many a family today would be living in its own home if it could realize that it is a decided economy to build ones own home. It can be done too, courage, determination and a moderate amount of cash is all that is necessary. Just think of what it means to own your own home, located just where you want it, planned with all the little comforts and conveniences that you have dreamed. The little garden, green trees all around, a real place for the children to play and congenial neighbors who one really knows.

The selection of suitable plans is no small item and it requires considerable thought and study as the average person cannot always visualize the finished home from drawings showing the exterior beauty as well as the interior arrangement.

It is time well spent to study the interior, the entrance hall, the large living room with built-in book cases and fire place from which the stairs may lead, the dining room with built-in buffet, the kitchen with the many new features such as the Kab Range, electric dishwasher, built in ironing board and broom closet, electrical refrigerator, incinerator, etc., then a cheery breakfast alcove having seats that fold in the wall completely out of the way, the cupboard is very convenient making the table when open and is quickly closed when not in use.

The progressive business firm of today must be more than a stock of material is kept for sale, they must have a complete and up-to-date stock and take a special interest in each patron, it is always a pleasure to demonstrate how special fixtures of equipment can be used to good advantage, especially in this true in apartments whereas comparatively small amount of space is allotted to a living room, dressing room and bath, breakfast alcove and kitchenette, without detracting beauty and living comforts.

Indeed it will be found quite educational to ask concerning the various kinds of building material, the most suitable wood for mill work and finish, the brick for the mantel as well as the proper kind of tool. There is no better way to gain this practical knowledge than by asking questions, already the special service department for contractors and prospective home builders including selecting the home site, financing the home, building for profit, etc., are meeting with much favor.

A Roomy, Dutch Colonial Home

Field-Stone Trim Is Well Adapted

This handsome residence, built on a hill near Durham, N. C., shows novel treatment of the Dutch-Colonial style of architecture. The field-stone chimney and arched front door trim of the same material combined with brick, present a delightful contrast to the textured walls of portland cement stucco.

The broken roof lines, on three graceful planes, add greatly to the charm of appearance. Even the kitchen window boxes of concrete do not escape the eye as one of the many pleasing details with which this house abounds.

A study of the floor layout reveals a well-planned interior. The living room is an example of spacious, homey comfort. A wide doorway leads into the dining room.

There is, however, a small dining nook for breakfast, informal luncheon and small dinners located between the dining room proper and the kitchen.

The side porch, opening off the dining and living rooms and running the entire width of the building and a small rear porch are parts of the house. Two large bedrooms and a smaller chamber upstairs are cross-ventilated and well lighted. There is plenty of closet space and a commodious bath.

ANNUAL CONFERENCE FARM LOAN BODIES BE HELD AT WACO

PROGRAM FOR AID RURAL SECTIONS WILL BE DISCUSS- ED AT MEETING

Information has been received by N. Suttle Roberts, secretary-treasurer of the Corsicana National Farm Loan Association, that the Federal Land Bank of Houston has called a conference of all secretaries-treasurers and their local boards in this immediate section of the state. The meeting for this section has been called for May 30, 1929, at Waco. This is one of the fourteen sectional meetings that are being held through-

out the state during the months of May and June. Discussing these meetings, Mr. Roberts stated: "These annual conferences of the officials of the Federal Land Bank and the National Farm Loan Association are in the form of get together meetings to review the record of service of the associations and bank and to work out plans by which the organization can be of still greater service to the rural sections of the state. One of the outstanding accomplishments of the federal land bank system, from the standpoint of public service, has been their terracing program. The Federal Land Bank of Houston is the first financial organization in the United States to put its efforts and money into such a campaign. It is also the first financial organization to actively and continuously co-operate with our A. & M. College through the county agents of the state in a state-wide program of soil and moisture conservation. The co-operation of these agencies in the past two years, has created more

sentiment for terracing and there has been more terracing done in the state than in all previous years. Henry Gentry, local county agent, tells us that in the last two years there have been more than 12000 acres terraced in this county. "The conservation program is already being reflected in increased yields on the farms throughout this section and will further be felt in increased business throughout the state."

SENIOR CLASS DAY OBSERVED AT HIGH SCHOOL ON FRIDAY

UNIQUE PROGRAM ENDS WITH PRESENTATION OF PIANO TO SCHOOL

The senior class of the Corsicana high school closed the school year by presenting a very unique program at the high school assembly, Friday morning, as a feature for the annual senior class day. The program consisted of songs by the class; instrumental numbers by "Tiger Teasers"; last will of the class; and the presentation of the senior's gift to the school. It was enjoyed by seventy-five or a hundred visitors. The program was ar-

ranged by Miss Gantt, English teacher, and senior advisor. W. H. Norwood, principal of the high school, made a short talk to the assembly. Mr. Norwood said that he was glad to see that the members of this class are good sports. He said that they have high ideals, and do a better grade of work this year than they have done before. "I hope," Mr. Norwood said, "that these graduates will carry on this good work in order to make better citizens for Corsicana and the nation as a whole."

The class sang a parody to Good-bye to Texas, with Georgia Ruth Pollock at the piano. Carvin Cudney gave a novel number in the class prophecy. The "Tiger Teasers" under the direction of George Carson, played several numbers. Marianna Sowell read the last will of the senior class of 1929, in which George Carson bequeathed the directorship of the "Tiger Teasers" to George Elliot, and Walter Lichlyter will and presented the key of knowledge to Emy Nell Stroud, president of the junior class. Claude Albritton made a short talk reviewing the things that the seniors had accomplished. He stated that no other class in the history of the school had achieved as high a scholastic standing as this class, having seventeen pupils to make an average above ninety. He stated that no member of this class had willingly done anything to congest the machinery of the school. Nell Dunn appeared as the spirit of the senior class, and gave a classical dance. Bettie Lloyd Suttle gave a musical reading, representing music. As she entered her reading, the curtain was drawn back, and Evelyn Sheets and Walter Lichlyter presented a piano to the school as the senior's parting gift. **MOTHER'S DAY Record** - "Till Wear a White Rose for You Mother Dear," - Ford and Glenn - Both phonographs. - City Book Store.

Seeking Dairy Demonstration Trucks Visit

Tentative plans are under way by County Agent Henry Gentry, and the chamber of commerce to arrange for a visit of the dairy demonstration truck of the Cotton Belt railroad in Navarro county late in May. It is probable that the truck will spend some one to two weeks visiting various communities in the county. This extension truck, sponsored

by the agricultural department of the Cotton Belt Lines, is a very valuable dairy school on wheels. It is accompanied by several specialists in dairying and carries facilities for giving a high class dairy program and interesting entertainment. Communities in the county who would like to have a visit from this dairy extension group are asked to immediately get in touch with County Agent Gentry at the chamber of commerce and arrange to be included in the list of towns to be visited. Sunday is Mother's Day. One of our beautiful cards will please her. - City Book Store.

A clear skin is irresistible

.. in fact, popularity depends upon it ..

THAT priceless treasure—a clear, flawless, lovely skin—charms, with admiration, the hearts of men.

First impressions cannot be good without a clear skin—first impressions are quickly made and are not soon forgotten. Old friends may excuse pimples and secretly sympathize but new acquaintances may not be so charitable. Skin blemishes are not inviting. Neither can they be covered up. They embarrass. Hold people back. Steal away joy and happiness.

A lovely—clear skin—is within the reach of all. To those who have lost it, hope is offered. You, too, may have a beautiful skin, rose-petaled in texture, pretty as a picture and without a single pimple.

The way to the skin is through the blood. Strong, healthy blood nourishes the body and fights against infection and disease.

Many thousands have regained their strength and charm by taking S.S.S. It is Nature's own blood tonic for raising the body's power of resistance to disease, improving the appetite, building firm flesh, and clearing the skin.

S.S.S. promotes constructive metabolism (healthy body building). It increases the number of red-blood-cells.

S.S.S. is made from fresh vegetable drugs and has a successful record of over 100 years back of it.

All good Drug Stores sell S.S.S. in two sizes. Ask for the larger size. It is more economical.

THREE BURNED TO DEATH; OTHERS ARE KILLED IN JUMPS

THREE OTHERS BELIEVED FATALY INJURED IN AMARILLO HOTEL FIRE

AMARILLO, May 11.—(AP)—At least five persons were known to have perished in a fire which destroyed the three-story Tourist hotel here today. Three others, one a woman, were believed to have been injured fatally.

Immediate identification of the victims was impossible because of the charred condition of some of the bodies and the lack of identifying papers on the others.

The bodies of three men, apparently fully dressed, were found in their beds on the third floor. Two other men, one of whom was believed to be "Buffalo" Atchison, Shamrock, Texas, cattleman, were killed when they jumped from the third floor of the blazing building.

Woman Fatally Hurt. Miss Birdie Rhodes, who operated the hotel with Fred Rogers, a blind man, was injured, probably fatally, when she also leaped from the third floor window. The others, believed to have been fatally injured, were: C. H. Welch, Gainesville, Texas, Burns and bruises; R. Barnhart, Elk City, Okla., burns and bruises.

Rogers, the blind manager, was burned about the hands and body. Firemen said they feared a further search of the ruins would reveal other bodies.

Identification of the victims, it was said, might be expedited by the discovery of the intact hotel register, and officials were continuing to search for the register. The fire began about 3:30 a. m., and those who escaped said the second and third floors of the structure were in flames before an alarm could be given. Many narrow escapes were related by guests forced to leap the street.

Rope Saves Life. H. C. Wilson, aged oil mill worker who had lived in the hotel for the last 21 years, was saved because of a rope he had kept in his room since 1908. When he discovered the fire he packed his suitcase, lowered it to the ground on his rope, tied the rope to his bed and slid to the ground.

Jacob Dollar, Dallas youth, was rescued, suffering from minor burns and bruises. M. J. Keohoe, third floor guest, was severely injured when he crashed his way through a window and ran down the fire escape. He said he heard screams as he passed the second floor and attempted to force the door on that landing but failed. Sam Scott also was burned in his escape.

Streams of water played upon the flames as the fire fighters affected rescues. Police lines were laid and crowds forced to keep back. Firemen searched the ruins for additional bodies.

Debris said the hotel was filled to capacity last night. Two of the bodies were identified by police and undertakers as: Raymond Cozart, Detroit, Texas; Pete Kearns, Elgin, Colo.

DALLAS OIL MAN IS WITNESS FRIDAY BEFORE COMMITTEE

AUSTIN, May 11. (AP)—C. D. Neff, Dallas broker, who last night testified before the house state affairs committee that the secretary of state and attorney general's offices were improperly administering the blue sky law, today failed to appear before the committee for further testimony.

His attorney, J. T. Miller, Dallas, explained that because Neff had been struck by D. J. Pickle, assistant attorney general, after the hearing had been concluded at midnight, his client had voluntarily withdrawn from the hearing. Neff had left for San Antonio.

Henry Ford, Amarillo attorney, who was also expected to testify in Neff's behalf that members of the attorney general's department had sought monetary favors for the issuance of oil permits, likewise failed to appear for today's hearing. Ford made a transcript of the evidence which he expected to offer before the committee on Wednesday.

Pickle Apologizes. Pickle today apologized to the committee for any affront to the group but asserted that "when any man attacks my honor and integrity, I have always made it a point to defend myself."

Representative Cecil Story, Verdon, chairman of the committee, said he regretted the incident and declared that any witness who appeared to testify would be fully protected.

Today testified he had owned a small interest in West Texas but he did not attempt to dispose of any of the land as a favor for aiding Neff to obtain a permit.

R. E. Nichols, chief of the law enforcement division of the attorney general's department, charged by Neff last night with having taken \$600 for a picture painted by Neff as an incentive to sell the Dallas broker in obtaining a permit, today denied the assertion.

Nichols said Neff and a group of friends had visited his home after a conference in Austin and viewed several pictures painted by his daughter, but that no mention was made of the sale of any to the Dallas man.

Under the circumstances, if he had tried to buy any of the pictures as a favor, I would have run out of the house, Nichols refused to the committee.

His explanation that any further testimony to be offered by Neff's attorney would be given by the attorney general's department was heard Monday night when the committee charged

EIGHTH DISTRICT STANDARD TRAINING SCHOOL IS OPENED

TEACHERS TRAINING COURSE IN RELIGIOUS EDUCATION ALL PRESENT WEEK

The Eighth District Standard Training School opened its first classes Sunday afternoon at 2 o'clock in the religious education building of the First Methodist church, with a total enrollment of 55. The school will continue through the week, closing Friday night.

Rev. G. A. Schluter led the devotion in the general assembly prior to the opening of the class periods. After the group sang "Stand Up for Jesus," Rev. A. E. Caraway led the prayer. The leader gave each instructor an opportunity to make remarks regarding his or her course. The school will begin at 7:15 Monday night.

The courses of instruction follow:

- General Courses.
1. The Sunday School.
Text: Organization and Administration of the Sunday School.
Instructor—Rev. G. A. Schluter.
2. Principles of Teaching.
Text: Teaching in the Sunday School—W. H. Cope.
Instructor—Rev. A. W. Hall.
3. The Bible (Old Testament Section).
Text: The Worker and His Bible—Elder and Barclay.
Instructor—Rev. W. H. Coleman, Brownwood, Texas.
4. Religious Education in the Home.
Text: Religious Education in the Family—Cope.
Instructor—Mrs. J. A. Rice, Tulsa, Okla.
5. The Church.
Text: The Methodist Church and Its Work—Tippey and Kern.
Instructor—Dr. F. P. Culver, Specialization Courses.
1. Primary Administration.
Text: Methods for Primary Teachers—Lewis (1).
Programs for Work for Primary Department (2).
Instructor—Mrs. J. W. Bergin, Waxahachie, Texas.
2. Junior Materials and Methods.
Text: Curriculum Studies for Junior Teachers—Skinner.
Instructor—Mrs. E. W. Wilson, Muskogee, Okla.
3. Adolescent Work.
Text: Youth at Worship—O. S. Gates.
Instructor—Mrs. A. W. Hall.

Resolutions of Sympathy Adopted

The following resolution was adopted by the First Christian church recently:

Whereas, it has pleased the Almighty to remove from our midst, by death, our esteemed friend and co-laborer, Brother J. D. Ambrose, who has for many years occupied a prominent rank in our midst, maintaining under all circumstances a character untarnished, and a reputation above reproach.

Therefore, resolved: That in the death of Brother J. D. Ambrose, we have sustained the loss of a friend whose fellowship it was an honor and pleasure to enjoy; That we bear willing testimony to his many virtues, to his unquestioned probity and stainless life; That we offer to his bereaved family and mourning friends, over whom sorrow has hung her sable mantle, our heart-felt condolence, and pray that infinite goodness may bring speedy relief to their burdened hearts and inspire them with the consolation given even in the shadow of the tomb. In the passing of Brother J. D. Ambrose, the First Christian church of Corsicana, Texas, has lost a true and loyal member and his wife and children a faithful husband and dutiful father.

Resolved: That a copy of these resolutions be presented to the family of our deceased friend; That a copy of said resolutions be incorporated into the minutes of the First Christian church.

Resolution Committee, First Christian Church, Corsicana.

COURTHOUSE NEWS.

District Court.
Lydia Robertson vs. Will Robertson, divorce granted.

District Clerk's Office.
The following case was filed: Marie Richards vs. Mark Richards, divorce.

County Court.
One person was adjudged of unsound mind in the county court Friday afternoon.

Commissioner's Court.
The regular bi-monthly meeting of the commissioner's court will be held Monday morning at 10 o'clock.

County Clerk's Office.
The recent law passed by the legislature of Texas with reference to the filing of applications for marriage licenses goes into effect June 15, Frank R. Young, county clerk, stated Saturday morning.

After June 15, it will be necessary for persons desiring to procure marriage licenses to make application not less than three days before getting the license and it will be necessary for the man to furnish a certificate from a reputable physician that he is free from venereal diseases. The law was passed at the last session of the legislature and becomes in effect June 15.

Sheriff's Office.
Three complaints were filed in Justice of the Peace S. E. Jordan's court Saturday morning for aggravated assault against three negroes of the Streetman community as a result of a shooting scrape Friday. The arrests were made by Deputy Sheriffs V. McMurray and D. C. Kelly. Bonds in the sum of \$250 in each case were set.

Marriage License.
W. E. Gill and Velma Carlidge. Warranted.

Warranty Deed.
J. N. Edens to R. D. Fleming, 72.46 acres of the James Smith league survey, \$10 and other considerations.

Administrator's Deed.
J. A. Travis, administrator of the estate of J. C. Morgan, deceased, to Standard Savings and Loan association, part of block 557 Corsicana, \$5,550.84.

Boy Scout Troops Win Prizes Teague Clean-Up Campaign

TEAGUE, May 13.—(SP)—Troop No. 2 of the Boy Scouts of Teague received first prize for having collected the largest pile of rubbish from the alleys and vacant lots, and Troop No. 1 received second prize. The decision was made by the judges who were representatives of the chamber of commerce, the Young Men's Business League, and the city government.

Prizes of \$15 and \$10 were awarded. These prizes were made possible by donations from the Delphi Club, sponsors of the movement; the Culture Club, the Young Men's Business League and the chamber of commerce.

Waco Man Suffers From Amnesia; Was Identified Sunday

TEMPLE, May 13.—(AP)—Roy C. Goodrich, Waco mechanic, is in a hospital here suffering from partial amnesia. When he wandered into police headquarters Saturday he could not remember his name. A friend identified him Sunday, and Goodrich then remembered he had been riding on a motorist south of Temple, but could remember none of subsequent events.

IN MEMORIAM.

On April 17, 1929, the death angel visited the home of Mrs. J. M. Perry at Abilene, Texas and took from them their precious daughter Opal Lee. She was 20 years 3 months, 25 days old. It was so her mother said so much. Everything was done for her to try to restore her back to her much wanted health; she was so patient with father, mother and brother during her illness. We all sympathize with the dear parents from the very bottoms of our hearts. Opal was such a sweet girl, everybody that knew her loved her. We all know how lonely some dear brother feels—just the two children—and now he is left alone; but we can say he certainly was going to her. So we say to him, live a life as she lived and prepare to meet her in a better world. She professed faith in Christ several years ago; she belonged to the Methodist church and lived a faithful life. She went to church and Sunday school as long as she was able. She was raised at Barry, went to school there. One of the Barry high school boys was the palmer. Such a pretty corpse Opal was; all dressed in white flowers was placed all over her grave you didn't have to ask if she had many friends, you could just look around and see them.

Funeral services were held at Barry Thursday, April 18 and the remains were laid to rest at Bloomington Grove. Her girl friends at Barry were led by their mothers to look at dear Opal for their last time here on earth. It just broke the girl and boy friends to think one so young had been taken away from their midst.

We all say to the dear parents and son, do not weep no more than you can help, for you know dear Opal is at rest.

Funeral services were conducted by Brothers Bell McAfee, Darwood, Griffith, Story, Connell. They have all been former pastors at the church where Opal attended church at Barry.

She was raised at Barry; they moved to Abilene last December 26, 1928. All were thinking and hoping the change would help dear Opal, but to God avail nothing could not be done to help her any way.

Death has your loved one claimed, The one you love so dearly, Sad and lonely are your hearts, For dear Opal is not there.

A flower has been plucked from your garden, A lily pure and rare, Transplanted to the throne of God, It will bloom forever there.

Gone from you is Opal—Gone forever more—Gone to live with Jesus On that bright and shining shore.

Safe in the arms of Jesus—Safe on His golden breast, There in the arms of Jesus Sweetly her soul will rest.

While on earth we all loved her; But Jesus loved her all much more, She has only answered his summons, And gone to dwell on the heavenly shore.

The music came like an echo, On the breeze soft and low, Came from heaven like a blessing, Whispering softly you must go.

Son you will meet Opal With the ransomed throng above, Where we all shall live forever on that land of love.

As we listen in the twilight To the murmur soft and sad, Each one seems to whisper, Leave off grieving and be glad.

Yet again we hope to meet her On that bright eternal shore, Where the cup of death and sorrow We will drink, no never more.

But God be with you in your sorrow—Guide, protect you on your way; Teach you 'tis only a short time Till you'll join her there to stay.

I extend to the bereaved family my tenderest sympathy.

HER LOVED ONE.

SICK AND CONVALESCENT

Kelly Bounds of Teahuacana underwent a minor operation at the Corsicana Hospital and Clinic Friday morning.

Mrs. S. S. Sharpley of Emhouse is in the Corsicana Hospital and Clinic.

Mae Hester was able to leave the Corsicana Hospital and Clinic Thursday.

Mrs. G. Gildart was able to be moved from the Corsicana Hospital and Clinic Thursday.

LARGE CROWD AT METHODIST CHURCH SUNDAY SERVICES

PRESIDING ELDER, BROWN-WOOD DISTRICT PREACHED AT EVENING HOUR

Among the announcements in the Bulletin of the First Methodist church Sunday was that there will be no prayer services Wednesday night on account of the Standard Teachers Training course now under way at the church, that the regular monthly meeting of the board of stewards will be held Monday night, May 20, instead of May 13, the regular meeting night, this change was also due to the training school.

At the church conference held Wednesday night the following delegates were named to the district conference which meets with the Eleventh Avenue church May 21-22: F. P. McElwath, A. L. Thompson, Byron Harwell, A. L. J. W. David, Mrs. A. W. Hall, E. E. Babers, C. T. Banister, Mrs. George T. Jester, N. Royall, Boyce Martin, T. J. Walton, Clyde Foster, J. L. Jackson, A. A. Allison, Mrs. A. E. Haslam and T. H. Benton.

Ex officio members: J. L. Halbert, S. J. Jackson and H. E. Metcalfe.

District members: W. A. Tarver and J. S. Calicut.

The following alternates were elected: Mrs. J. S. Murchison, Mrs. A. W. Rogers, Mrs. A. L. Thompson, Geo. Walton, R. L. Houston and W. L. Holman.

The attendance at Sunday school was off, the total number present being 528, compared with 613 last Sunday and 577 one year ago. In the adult department of the Sunday school, A. A. Allison, superintendent of this department, presided, Dr. F. P. Culver, led in prayer, several songs were sung under the leadership of Sam Haslam and Mrs. A. W. Hall made the principal talk of the day. L. L. Jester of Dallas, and former member of this church, made a few remarks.

In the Weller Bible Class the attendance was 35, last Sunday 33, one year ago 45. Beauford Jester taught the class. A letter of thanks was read from the family of the late A. M. Keathley, a former member of the class.

At the morning church hour, Rev. A. W. Hall delivered the special Mother's Day sermon, Mrs. L. Jester of Dallas rendered two beautiful numbers on her golden harp and the choir sang an anthem.

State Inspectors Visited School At Teague Past Week

TEAGUE, May 13.—(SP)—Two supervisors from the state department of education have made visits of inspection to Teague high school within the last week. Mrs. Cornelia Hutton of the division of high school supervision visited both the high school and the elementary school, and Miss Bernice Mallory, assistant director of home economics of the division for vocational education.

Both inspectors made favorable reports relative to the work inspected. Miss Mallory said that the school would receive approximately \$1400 as aid for this year's maintenance of the home economics department as the standard of work and of equipment justified this subsidy.

MAY BE GIRL HUNTING

NEWPORT, R. I., May 13.—(AP)—Mrs. Burke Roche, who has two very eligible bachelor twin sons, is coming from Paris to pass the summer. Society is wondering whether she will study possibilities among debutantes for daughters-in-law. One twin is Lord Fernoy. The other is Frank, a banker in Paris.

Send Out Thy Light

At the evening church hour Dr. W. H. Coleman, presiding elder of the Brownwood district, and one of the teachers in the standard training school, preached.

Golden Cross enrollment day was observed in both the church and Sunday school, the funds secured from this offering will be used in a children's department in the Methodist hospital in Fort Worth.

At the morning church hour the auditorium was filled, the old Sunday school room being used for the overflow. A committee of pretty girls under the direction of Miss Ethel Mae Tatum pinned white and red roses on all who entered at the morning church hour.

The standard teachers training school opened Sunday afternoon in the Educational building; but due to the rain, the attendance was not as large as expected. However, there is still time to get credits in this school by enrolling Monday night and not losing any additional time. The school will start Monday night at 7:15 and will be in session each night through Friday night.

Choir rehearsals will be held as usual Thursday night.

TRUSTEES TRINITY UNIVERSITY TO MEET IN DALLAS TUESDAY

F. N. DRANE OF CORSICANA, MEMBER OF BOARD; WILL HONOR DR. HORNBEAK

WAXAHACHIE, May 13.—(SP)—The University Board of Trustees, of which Frank N. Drane of Corsicana, is a member, will hold its semi-annual meeting at the City Temple Presbyterian church in Dallas Tuesday morning, May 14, President John H. Burns, has announced.

Plans are now being made by Trinity, which recently celebrated its sixtieth birthday, for the annual commencement exercises. One of the features of the commencement season will be a banquet by the ex-students, honoring Dr. S. L. Hornbeak, president-emeritus and professor of economics and social sciences. Dr. Hornbeak has been connected with Trinity for fifty years as student, trustee, and director of endowment campaigns.

Reunions are to be held on Monday, June 3, by Trinity classes of the past.

LINDY'S MOTHER VISITS ANNE

INGLEWOOD, N. J., May 13.—(AP)—What could be more delightful for a school teacher mother on Mother's Day than to visit a charming girl who is to be her daughter-in-law? The colonel took Mrs. Lindbergh to call on the Morrises yesterday.

There is Only One FRIGIDAIRE.

It's a product of General Motors. C. R. HALL, Dealer, at 120 West Second Ave. Phone 470.

Bi-Stone Chamber Commerce to Meet In Wortham Friday

WORTHAM, May 13.—(SP)—The Bi-Stone chambers of commerce associations will meet in Wortham Friday at the Baptist church. After a business meeting, a luncheon will be served in the basement of the church. Arrangement is being made for one hundred visitors. R. Q. Seely of Wortham is first vice president, and B. H. Broiles of Mexia is president. This will be the first time Wortham has entertained the Bi-Stone chambers of commerce association.

Heavy Rain Fell Sunday at Wortham

WORTHAM, May 13.—(SP)—One of the heaviest rain falls of the year fell in torrents here Sunday about the middle of the afternoon, and lasting until dark. A number of bridges are reported washed out on several roads leading out of town. It is feared that the cotton planted last week will need replanting.

TALKIES FOR TEAGUE

TEAGUE, May 13.—(SP)—The town of Teague is progressing along lines in line with the city class. A vitaphone is being installed by H. H. Covington in the Starr theater. This is in keeping with Mr. Covington's usual policy of progress, and offering the very best to the public.

TRAGEDY OVERTAKES TANKER THAT TWICE RESCUED OTHERS

CASABLANCA, Morocco, May 13.—(AP)—Tragedy has overtaken the Dutch tanker Barendrecht, which twice went out of its way to save others from a dire fate. Wireless messages from the ship yesterday said she was returning to this port with four of her crew dead and one injured as a result of a boiler explosion 50 miles at sea. In 1927 the Barendrecht rescued Ruth Elder and George Haldeman when a broken oil line forced the trans-Atlantic plane down near Azores. On April 12, 1918, rescued the survivors of the Russian Bark Imperator which sank by an Austrian submarine near Barcelona, Spain, after having been the target herself of the undercraft.
